A very old item came up that of the practice of sending Christmas cards to the daughter of VE1EBM, Seamore, a former member of the lakehead club.

It seems Seamore made the club the godparents of the then, little girl. However the little girl is now a young lady. Also the idea of adopting the little girl by the club and supporting her in any way possible had been broached at various times.

It was finally moved by VE3ECV that the practice of sending her Christmas cards be continued as a means of keeping in touch with VE1EBM, Seamore, and as a very good public relations gesture to a one time very active member of the L.A.R.C.

*Says VE3GIS*  
A two meter antenna was needed by Bob C. VE3ECV agreed to look after that, also J.C. Bailey needed on his three element HY/Gain antenna: VE3HHS, Tom agreed to look after that. WITH ASST FROM HJS
